SATURDAY 3:30 PM

Restoration through Forgiveness

Jill Hwang

Forgiveness is God's pathway to restoration. In this workshop, Jill will provide practical advice on forgiveness, while interweaving her own story of betrayal, hurt, and the redemptive power of God that enabled her to choose forgiveness, resulting in spiritual and emotional healing and wholeness.

We will discover how God can transform us into forgiving people as we apply His word in the midst of our hurts so we can know freedom and be conduits of God's grace and mercy to others.

Jill Hwang serves alongside her husband John at Calvary Chapel Costa Mesa in California, USA.

Mental Health God's Way

Christine Search

"Lord, how do I do this?". This is a workshop on discovering God's way of doing life. Everywhere we turn, it seems that we, the world, and the workplace are trying to manage mental health! What does that even mean? Stress, busyness, burnout, exhaustion....how do we as followers of Jesus manage our own mental health and display God's perspective, care and grace to others in these crazy days? Let's explore together God's way of managing busyness and the importance of ministering to spirit, soul and body!

Christine Search is a registered nurse working in occupational health in the Waikato. She leads worship ministry at Calvary Hamilton and is married to Pastor Doug Search.

Standing in the Gap

Sher Pai

We are called by God to stand and pray for restoration in places of brokenness. How do we do this? In this interactive workshop we will get equipped with powerful prayer tools and spend time using them-

...for intercessory prayer

...for demolishing strongholds

...for building up the Kingdom of God

Let's link arms & pray!
